WELCOME MESSAGE

Season's Greetings and a Happy and Healthy New Year!

For over 135 years, Memorial Sloan Kettering Cancer Center (MSK) – the world's oldest and largest private cancer center – has been dedicated to providing exceptional patient care through our ground breaking scientific research in cancer prevention, detection, diagnosis, and innovative surgical techniques and breakthrough discoveries in new drug therapies. Our educational programs train future physicians and scientists, and the knowledge and experience they gain at MSK has an impact on cancer treatment and biomedical research around the world.

We also recognize that global challenges, be it cancer, COVID-19, or climate crisis requires global solutions. We need greater cooperation in areas of education, health policy, basic and translational research, and access to clinical trials. At the Bobst International Center at MSK, we have established many new cancer collaborations across Africa, the Middle East, and Asia-Pacific. As part of this effort, we are excited to present educational programming between MSK and the **Association of Gynaecologic Oncologists of India (AGOI).** We are grateful for the vision and leadership of **Dr. Vijay Ahuja** (President, AGOI), **Dr. Rupinder Sekhon** (Hon. Secretary General, AGOI), and **Dr. Amita Maheshwari** (President-Elect, AGOI) to facilitate this collaboration on the area of gynecological malignancies, which are among the leading causes of cancer morbidity and mortality for women in India and globally.

For this first event in the MSK-AGOI series we are honored to co-host with the **Manipal Comprehensive Cancer Center** in Bengaluru, led by **Dr. Somashekhar S P** (Chairman & HOD Surgical Oncology).

Through these interactive tumor boards, we hope to accelerate exchange of knowledge to improve patient outcomes, new research collaborations, and increase graduate training between MSK and the AGOI network.

The MSK Bobst International Center in New York has long helped patients diagnosed with cancer seek a consultation or for their treatments. Every year, we have a significant number of patients from India who seek second opinion and/or travel to New York for cancer care. We are now thrilled to announce the inauguration of the **MSK India Center in Chennai**. Our dedicated team in Chennai helps patients from across India obtain a remote second opinion from disease-specific experts at MSK in New York. Thanks to our unique partnership with iCliniq, a global telemedicine company, patients can avail a remote consultation in the comfort of their home or any Internet-enabled location. These remote opinions provide an avenue for frequent exchange between their oncologists in India and those at MSK in New York. Dr. Varadarajan Kumar oversees the remote opinion program and is your primary contact to connect over patient care, educational programming, and research collaborations.

We are grateful for your interest in attending this event and look forward to seeing you at future events.

Sir Murray Brennan
Senior Vice President
International Programs
Fmr. Chair of Surgery
MSK, New York

Dr. Mrinal Gounder
Medical Oncologist
Physician Ambassador
to India/Asia
MSK, New York

Dr. Vicky Makker
Medical Oncologist
Endometrial Cancer
Section Head
MSK, New York

Dr. Varadarajan Kumar
Chief Medical Oncologist

Multidisciplinary Tumor Board on Endometrial Cancer: MSK and Manipal

FIRST 60 MIN: CASE PRESENTATIONS

Case #1: Early-stage endometrial cancer (presented by Dr. Aaron Fernandes, Fellow, Manipal)

Case #2: Advanced/recurrent endometrial cancer (presented by Dr. William Zammarelli, Fellow, MSK)

30 MIN: LECTURE AND AUDIENCE Q&A

Recent progress in advanced/metastatic endometrial cancer:

Dr. Vicky Makker, MSK

Moderator:

Dr. Nadeem Abu-Rustum Surgical Oncologist Chief, GYN Surgical Oncology
MSK, New York

Panelists:

Dr. Somashekar S.P.
Surgical Oncologist
Chairman and HOD, Surgical & GYN Oncology
Manipal Cancer Center

Dr. Kaled Alektiar
GYN Radiation Oncologist
MSK, New York

Dr. Susmita Rakshit
Pathologist
HOD, Oncopathology & Molecular Pathology
Manipal Cancer Center

Dr. Vicky Makker
Course Director
GYN Medical Oncologist
Endometrial Section Head
MSK, New York

Dr. Amit Rauthan
Medical Oncologist
HOD, Medical Oncology
Manipal Cancer Center

Dr. Sarah Chiang
GYN Pathologist
MSK, New York
